GAMBIER, OHIO, OCTOBER 15, 1923

NO. 13

## INITIAL ASSEMBLY MEETING PROVES INTERESTING

### Dr. Allen Awards Letters

The first regular meeting of the Kenyon Assembly was held in Philo hall, Oct. 1, 1923. Dr. Allen opened the meeting with the presentation of baseball letters to the following: Captain Geo. Greaves, Hirstius, Kline, Evan, Evans, Lewis, Dailey, Alexander, Russel, and Harris. A letter was also awarded to Mr. Seitz who acted in the capacity of manager. Tennis letters were granted to Captain Small and Sturges and a manager "K" was also given Mr. Small.

Dr. Allen announced that the following track men were eligible for letters and would receive them at a later date: Messrs. H. R. Stegeman, J. E. Brown, McIlwain, Purdy, and a manager's "K" to Mr. W. J. Rusk. Class numerals were awarded to Geo. Brown, Reid, and B. R. Wood.

The secretary read the proposed Executive Committee Amendment on awarding gold footballs to men who had won their letters for three consecutive years in that sport. The motion made by Mr. B. D. Evans to the effect that this amendment include gold basketballs as well was seconded and carried.

Mr. Sturges, secretary of the Executive Committee, then read the report of that committee which was accepted.

Mr. Greaves reported vacancies on the Honor Committee and urged a strict observance of the rules. He moved that in the future, the honor committee be composed of two members from each class so as to facilitate rotation as each Senior class graduates. Discussion followed on this and the amendment was laid upon the table until the next regular meeting.

The following men were elected to the various committees: Dormitory, H. G. Evans, E. D. Bailey, L. R. Price, B. Lewis; Honor, Mr. John Miller; Senior Council: Herbert Stock and Maurice Campbell.

President Jacobson urged that the students support the football team and that as many as possible attend the opening game at Hiram. He also announced that a rally would take place Thursday evening preceding the game.

Mr. Alling suggested that a college cheerleader be elected inasmuch as this position is a very important factor in the winning of football games. President Jacobson asked for tryouts at the rally and Mr. Sutherland moved that a cheerleader be elected by popu-

(Continued on Page 8)

## YEARLINGS VICTORIOUS IN ANNUAL EVENTS

### Frosh Successful In Both

The annual staging of the Frosh-soph fight and cane rush, events that have made Kenyon traditionally famous, resulted in a hard-earned victory for the incoming class of 1927. Despite a handicap in numbers the sophs put up a stiff scrap on both occasions and had the odds been even, it is doubtless that the results would be different.

The fight took place in the woods near the Bishop's Back Bone, after the yearlings had traveled several miles in an attempt to locate the sophs and had proved unsuccessful until a late hour of the evening. For several minutes the second year men held their own but being on the short end of the three to one ratio were soon forced to submit to the ropes of the freshmen. Nevertheless it was not without great effort on the parts of the new men that their superiors were tied and reported to the committee in charge.

It was the same result at the cane rush, held the morning following. The remnants of the sophomore class, badly crippled, staged an uphill fight but without avail and the frosh captured honors in having the most hands on the historic cane that has viewed the physical arguments of many classes.

Stiff legs and face bruises were much in evidence during the days following the two events, but no injuries of serious nature resulted in the staging of these two traditional battles.

## SCIENCE CLUB ACCEPTS FOURTEEN APPLICATIONS

The first regular meeting of the Science Club was held on September 26th in the East Wing Bull's Eye. The ten senior members were present. Applications for admission to membership were accepted from the following fourteen men: Alling, Crawford, Drake, Graves, Russell, Schmick, Schoenals, Wood, J. L., Elijah Brown, Corey, Hole, Lewis, Rusk, W. H., and Wilson.

As the club is now limited to a membership of twenty-five student members, there is but one vacancy which will doubtless be filled in the near future.

Professors Denston and Snow, of the science department, were added to the honorary membership of the Club by a unanimous vote. The Club urges that these new members as well as all other members of the faculty attend the regular semi-monthly meetings of the club.

## PROMINENT ALUMNUS CALLED BY DEATH

### Terre Haute Mourns Loss

The funeral of George C. Buntin, '85, who died at Union hospital, Terre Haute, Indiana, June 27, 1923, following an operation, was held from the residence, 658 Farrington street, Terre Haute, at 10 o'clock, June 30.

Mr. Buntin's business career has been a particularly successful one. Early in life he was associated with the Vandalia railroad before the Vandalia became a part of the Pennsylvania system. In this connection he was private secretary to the president. After leaving the Vandalia, he went into the drug business and enjoyed success there. Later he went into the banking industry, and was one of the founders of the Ft. Harrison Loan Association. He was elected the first secretary of that company.

About thirty years ago Mr. Buntin went into the insurance business, being one of the organizers of the firm of Smith, Buntin & McKibben, whose policy he has directed for the past several years. He was also a director of several banking institutions, among whom are the Terre Haute Savings bank, the Terre Haute Trust company, and the Fort Harrison Savings Association.

Mr. Buntin was a member of both the Fort Harrison and the Terre Haute Country clubs, and was a past master in Terre Haute lodge No. 19, F. and A. M., and also a charter member of Elk's lodge, No. 86.

Mr. Buntin's death is a sudden blow to all those who knew him, because it was thought that he was well on the road to recovery after his operation, which was not a serious one. Public interest, in which he played a very active part, especially mourns the loss of a very capable and conscientious leader.

Mr. Buntin was a member of the class of 1885, at Kenyon College, where he is remembered as a lovable and leading character of this institution. He was a member of the Kenyon Chapter of Beta Theta Pi fraternity.

He has lived his life, and no credit too great can be paid to he who was loved so well by all those with whom he came in contact, whether in a business or social way. "True and trusted friend, loving and devoted husband and father, he has passed from daily contact with us, but will be forever enshrined in our hearts and memories."

## FIVE NEW MEMBERS STRENGTHENS THE FACULTY GROUP

### Education Courses Offered

The following departments of Kenyon have been greatly enhanced this year by five additions to the faculty. Romance Languages—Dr. Waterhouse, and Professor Ramirez; Philosophy and Education—Dr. Rigg; Chemistry—Professor Snow; English—Mr. Hibbitt.

Dr. Francis A. Waterhouse comes to Kenyon from Hamilton College where he was Professor of Romance Language. He is a graduate of Harvard, where he received the degrees of A. B., A. M., and Ph. D. Dr. Waterhouse took graduate work at the University of Berlin, the College de France, Ecole de Alsaciene, and the College de Geneve.

He has had a wide experience in the field of education, having been instructor of Romance Languages at Dartmouth, Bowdoin, and the University of Pennsylvania. At the University of Texas, and at Hamilton he was Professor of Romance Languages.

Dr. Waterhouse has contributed extensively to the literary world. His "Random Studies in the Romantic Chaos" is considered an authority on the subject. Other of his articles have been published by the Sewanee and Yale Reviews.

Professor P. O. Ramirez was formerly of the University of Pittsburgh where he held an instructorship in the department of Romance Languages. He graduated from the Institute de Porto Rico at the age of sixteen, receiving the degree of B. en L. His courses covered studies in literature not available in the U. S. In this country, he attended Pennington Seminary and Ohio Wesleyan University. Later he received an A. B. from Alleghany College and did graduate work at Columbia University and the University of Pittsburgh. He was also head of the Romance Language Department at Lakewood, Ohio, High School.

While in connection with the University of Pittsburgh he was the originator of academic and commercial clubs which had for their purpose a creation of Spanish atmosphere.

On several occasions he acted as interpreter for Baron Ricci, the ambassador from Italy. He was foreign correspondent at Buffalo for "La Hienra" and at New York for the W. R. Grace Company.

Dr. Melvin Rigg received his A. B. from Baker, his M. A. and Ph. D., from

## FRATERNITIES PLEDGE IN LARGE NUMBERS

The unusually large incoming class  
this year prompted the seven fraternal  
units to pledge to capacity. Following  
is a complete list of new men pledged:

Delta Kappa Epsilon:  
Class of 1924: Marshall O. Terry,  
Cleveland, Ohio.

Class of 1926: Walter P. Rice,  
Muskegon, Mich.

Class of 1927: William H. Miller,  
Columbus, O., William J. Hamilton,  
Columbus, O., Jack A. Miller, Colum-  
bus, O., Edward V. Burke, Fostoria,  
O., John E. Gregg, Waverly, O., Joseph  
M. Harter, Canton, O., and Clayton M.  
Van Eppes, Bellevue, O.

Alpha Delta Phi:  
Class of 1926: Daniel Carmony San-  
born, Kankakee, Ill.

Class of 1927: John Sellers Brand-  
dock, Little Rock, Ark., George  
Thomas Cragg, Chicago, Ill., Robert  
Scofield Kridler, Cleveland, O., Gra-  
ham Walton, Gambier, O., and John  
Armstrong Wright, Louisville, Ky.

Psi Upsilon:  
Class of 1926: Wheeler MacDougal,  
Peoria, Ill.

Class of 1927: Robert N. D. Arndt,  
Germantown, Penna., Lawrence L.  
Sherman, Cleveland Heights, O., Roy  
L. Talbott, Danville, Ill., H. Dudley  
Bate, Newark, N. J., Richard H. Bonds,  
Detroit, Mich., H. Harrison Greer, Mt.  
Vernon, O., and Charles I. Imperatori,  
Mamaroneck, N. Y.

Beta Theta Pi:  
Class of 1927: Howard Raymond  
Rusk, Mansfield, O., Charles John  
Stewart, Cleveland Heights, O., Bene-  
dict Williams, Detroit, Mich., Alan  
Brooke Merkle, Columbus, O., and  
Charles Dickey Marsh, East Cleveland,  
Ohio.

Delta Tau Delta:  
Class of 1926: Byron Hathaway,  
West Point, N. Y.

Class of 1927: George Dougherty,  
Toledo, O., Kenyon Eberth, Toledo, O.,  
Maynard Farison, Toledo, O., Robert  
French, Toledo, O., Robert Fitch,  
Lakewood, O., Tom Grace, Norwood,  
O., Burchell Rowe, Walnut Hills, Cin-  
cinnati, O., Clifford Sheldon, Fostoria,  
O., Dan Williams, Cleveland, O., and  
Donald Zweigle, Toledo, O.

Sigma Pi:  
Class of 1927: Robert M. Hyde,  
Cleveland, O., Maskrey Wilson, Martins  
Ferry, O., Edmund Westland, Steuben-  
ville, O., Robert McCann, Coshocton,  
O., Edward McQuown, Martins Ferry,  
O., Wilfred Myll, Detroit, Mich., John  
Dangler, Cleveland, O., and Robert Ty-  
son, Danville, Ill.

Zeta Alpha:  
Class of 1924: Henry J. Crawford,  
Jr., Cleveland, O.

Class of 1925: Harry W. Dailey,  
Danville, Ohio.

Class of 1926: Theodore V. Gibbs,  
Canton, Ohio.

Class of 1927: Charles Morfit,  
Welsh, West Va.

## FALL DANCE TO BE GALA EVENT

During the week-end of the 9th and  
10th of November, the fall dance given  
by the Senior Class will be held. The  
football game with Western Reserve  
University is to be played the Saturday  
of that week-end, and a large crowd  
is expected down from Cleveland.

To the new men who have never en-  
joyed Kenyon dances, it is desirable to  
state that they are well worth attending  
and are events in college life that will  
long be remembered.

In order that the dance will be a  
success as many students as possible  
are urged to attend. There is plenty  
of time to make preparations, but do  
not let it go until the last minute for  
you will be sorry if you do not have a  
girl here on the 9th and 10th.

Plans are being made and rest as-  
sured that the music will be good and  
everything will be done to make the  
dance a complete success.

The dance committee asks for your  
hearty cooperation in making this an  
"extra day" affair as we want no  
repetition of the disagreeable occurrence  
of last year.

## SOPHOMORE CLASS SELECTS LEADERS

The class of 1926 showed that they  
knew their well known apples when  
they elected "Mary Ann" McCarthy  
as president. Mr. McCarthy gained  
nation wide fame early this fall when  
a detailed report was made public con-  
cerning the search he conducted for a  
dangerous species of sea animal, the  
crab. It is reported that he dug up all  
of San Francisco Bay.

Mr. G. T. Brown, well known street  
orator from 105th and Euclid, Cleve-  
land, was elected vice-president. We  
do not wish Mr. McCarthy any hard  
luck, but should he ever be unable to  
deliver one of his almost daily ora-  
tions, it would be an event worth going  
miles to hear Mr. "Wise-em-up"  
Brown, with his dulcet voice and con-  
fidential manner say "Listen now fresh-  
men-now here's the dope" etc., etc.,  
etc.

For Secretary and treasurer, Mr.  
Jack Furniss was elected. Although  
"Who's Who" has but little to say of  
him, it is expected that he will serve  
his office in an honest, efficient, and  
decorous manner.

## CHARLES W. TYLER, FAMOUS JOURNALIST, PASSES AWAY

Funeral services for Charles W. Tyler, Kenyon A. B., '71, A. M., '74, one time a well known reporter for the New York Sun, who died October 1st, at the age of seventy-five years, were held Friday, October 5th, in his home in Mount Pleasant, N. J. He was born in Cleveland, was graduated from Kenyon College, spent three years of study in Europe, and then joined the staff of the Cleveland Leader. About forty years ago he went to New York and joined the staff of the Sun. During the war he was associated with George Harvey on Harvey's Weekly. In recent years he had been a frequent editorial contributor to the Sun and Herald and to numerous magazines.

Mr. Tyler was affiliated with the Kenyon chapter of Psi Upsilon—New York Evening Post.

## KENYON ALUMNUS DIES AT FREMONT RESIDENCE

PROMINENT OHIO EDUCATOR

John Franklin Smith, aged 62, for many years one of the leading educators of the state of Ohio, died at his late residence on North Front Street, Fremont, Ohio, early Friday morning, September 28th, of paralysis, the first stroke of which rendered him incapable of teaching five years ago.

The late Mr. Smith was born April 3, 1861, on a farm near the Four Mile House. He was educated in the Fremont High School and Kenyon College, graduating with honors from both schools.

In 1886 Mr. Smith was united in marriage to Miss Adelaide Miller, who survives him. To this union was born one son, Walter, who died at the age of 17. Shortly after his marriage, Mr. Smith began his career as an educator, teaching first in Napoleon, Ohio. He remained at Napoleon for two years, leaving that city to accept a position as principal in the Findlay high school. Here he remained for 29 years, serving 21 years as principal and 8 years as superintendent. From Findlay he went to Cleveland, where he taught, until stricken by paralysis, in East Technical High School. Soon after he became ill, Mr. and Mrs. Smith moved to Fremont where they have since resided.

Fraternally he was affiliated with the Theta Delta Chi Fraternity, the Masons, the Knights of Pythias, and the Elks.

The late Mr. Smith was a man possessed with a wonder-intellect and his mind was keen, clear and alert to the very last.

He contributed to various educational papers and magazines and was widely known as an educator, especially throughout Northwestern Ohio, where he served so many years. The splendid school system in Findlay is largely due to his able efforts. He had served in various official capacities for numerous educational societies and school organizations. During his long affliction he ever maintained a cheerful and optimistic mind and loved to converse with his friends and discuss the important topics of the day.

## ALUMNI DINNER

The alumni of the college in southern California were guests at a Kenyon dinner tended by the Rev. George Davidson, D. D., Kenyon '02, Bexley, '04, on the night of August 23, at the University Club in Los Angeles.

There were ten alumni present including the college Chaplain, three visitors and three undergraduates. The undergraduates were Keating and Davis of the class of 1925. Of the ten alumni present, seven have definitely agreed to return to Gambier this com-

ing June for the Centennial celebration.

Another alumni dinner has been planned for this fall in San Fernando with Mr. Prince as host.

Edward Davis Maire, '21, dropped off in Gambier for a few days to visit friends while enroute for John Hopkins University, Baltimore, Md., where he is studying medicine.

Gambier society will be pleased to learn that Mrs. D. O. Ramirez, and two children, will be on the hill about the first of November.

Mrs. Ramirez is a graduate of Washington State College and received a degree of B. S. at Carnegie Tech.

A recent visitor was Edgar A. Brown, '22. "Eddie" and Harvey Hohlfelder, '23, have established a spring business in Cleveland.

## TO THE CLASS OF 1927

We are now beginning what is to be for Kenyon College the second most important year of her existence. The first was the year of her founding in 1824, when with prayers and supplications to God for her success, Kenyon College came into existence.

Now a hundred years have passed, years that have each echoed some loyal deed, sent forth some loyal son, who in years succeeding, has worked and striven so that little Kenyon should prosper. Through the Civil War, her men gone to die on the battle field, undaunted by the diminished student body, Kenyon prevailed. Through the Spanish-American War and finally the World War, each time her ranks materially thinned by the response of manhood to the call of duty. Kenyon has been sorely tried.

Backed by deeds of enviable record, Kenyon stands forth the Kenyon of today,—dear to each one of us, in this her second most important year. This, as we all know is her centennial year. One hundred years of success, made possible by the individual efforts of her undergraduate body and alumni.

This year is the start of what we may call a new era, the start of another century. The class of 1927

takes upon itself huge responsibilities, in that to it remains the duty and privilege to start off this new era with old ideals dominant in its mind.

We of the old century extend our cordial welcome to you of the new, knowing that you will faithfully carry out, whenever possible and practical, the old Kenyon traditions so dear to every one of us.

The enrollment this year is larger than ever before in the annals of the college. This, of course is a wonderful thing, but it brings with it new problems that are necessary to face.

Kenyon spirit, the spirit of "all for one" has ever been dominant. The smaller numbers in college in previous years has made this only natural. Our old men swell with pride and their eyes glisten when they tell of the "old days" and the common bond which bound them together. Kenyon spirit! It is a byword with all of them.

In you, the class of '27, we hope to instill these feeling of love for your college. We are counting on you, placing our confidence in you to make the prosperity of the future assured.

The training you are going through, known as freshman discipline, is meant only to make men out of you; you who in the next three years will run the college and govern its destinies.

Again we greet you. Meet your responsibilities, go deeply into college activities and the trust we are all placing in you will be vindicated.

## SPIRIT

"There is a Thrill of Spirit ....."

When we see men leaning on the backs of their chairs, singing "The Thrill" in a mechanical and uninterested attitude, we feel that we should have the right to take from them the name of "Kenyon Men." They have no right to the heritage that has been handed down through a century by loyal men. They are not fit for such an honor!

The writer has been down on the football field very often to witness practice. What does he find? Five or six men watching the team—YOUR TEAM!—the men who are giving their time and energy to the support of their Alma Mater! Is it not very little for you to back them — lend your spirit and loyalty to their fight and ability?—FOR KENYON?

Last year we of the student body did not give the team a square deal—did not give Kenyon a square deal! When the team lost, we grumbled things about "no fight" and "bum coaching." What right had those of us to kick who did not show any fight and loyalty to our team. Everything was fine when they won for us—BUT where were the Rainy Day Friends?

This year we have everything to make a fine showing in the Conference, but to date very little enthusiasm has been displayed. GET SOME P-E-P! Pull for the men who are striving every day to bring glory and honor to this old "Hill." Our best efforts are none

too much to offer when compared with that which the men on the squad offer!

Let's see some REAL OLD KENYON SPIRIT! Make the wearers of the Purple know that we are with them, heart and soul—WIN OR LOSE!!!

## President Peirce's Sermon

On Sunday, the twenty-third of September, President Peirce preached the first sermon of the year in the College Chapel on the subject of "Non-Conformity." He handled his subject in a very clear and forceful way and held the wrapt attention of the student body throughout his address.

Dr. Peirce presented an entirely new point of view to the older men in college by suggesting to the freshmen that there might be some customs and traditions in the college which are not reasonable. He warned the freshmen that they would have many self-appointed instructors who would tell them just what Kenyon men should wear, what they should do, and how they should think. He advised them to think for themselves and not to take blindly all the advice offered them by their would be collegiate models. He pointed out the danger of becoming men of a type instead of retaining their individuality and he also urged them to develop their own personalities.

Then the President advised the upperclassmen not to follow in the footsteps of the men of the past century and to allow changes in conditions to alter Kenyon customs and traditions whenever it might be expedient. He spoke of Upton Sinclair's new book in which an attack is made on the college authorities, accusing them of being in a league to suppress modern development in the American college and university. Dr. Peirce, however, shifted the responsibility upon the students themselves, claiming that it was due to their ultra-conservatism that the colleges clung so closely to the old traditions.

What do you new men think of this?

## ANNOUNCEMENT

The senior class recently selected Russell as chairman of the fall dance committee. This announcement alone should be sufficient to assure the student body of a real Prom.

The chairman has chosen the following men to assist him in staging the initial event of this kind this year:

Music Committee — James Boyd, Benjamin Evans and Harvey Lorenz.  
Decorations — William Cornelius, Kenneth Ralston and Don Reid.

Program Committee — Maurice Campbell and Hale Sturges.

Refreshments—Charles Greaves and Warren Rusk.

Edward D. Braddock, of Little Rock, Arkansas, a member of the class of '95, spent a few days on the hill at the opening of the school year.

## Mt. Vernon Club Offers Exceptional Program

The officers of the Mt. Vernon Community Music Club have planned an attractive program of concerts for the coming year. The artists who have been secured are universally known and are without doubt the best in this country today.

The London String Quartette will offer the first concert on December 3, 1923. Those who have heard this group of musicians speak highly of the quality of their playing.

Mme. Helen Stanley is scheduled to appear on January 22, 1924. This talented and gifted singer has been received with the greatest favor in her experience with the Wagnerian Opera Company. Lovers of music will be pleased to hear this internationally famous soprano.

Josef Lhevinne, one of the foremost pianists of today, will give the third and last concert in the course on February 25. He is a master of tone and some critics even proclaim him to be "the greatest living master of the piano forte."

Dr. Allen heads the list of Gambier guarantors and will be pleased to reserve any number of tickets for local use. An endeavor is being made to secure transportation for student subscribers.

Fred Palmer, of the class of '22, visited the College last month. Palmer is connected with the Cleveland Window Glass and Door Company of Cleveland.

Harvey Hohlfelder, '23, was married to Miss Ruth Gulliford, Wednesday, August 15th, in Cleveland, Ohio. Harvey is at home at 2112 Lenox Rd., Cleveland Heights.

The college year has started now, with nigh three hundred men to work for Kenyon's glory, to work with sword and pen, to raise the purple banner 'til lit soars above the clouds, and all we've got to show is guts, for we've certainly got the crowds. We're going to show the faculty, we're Phi Betes by the score, our football team will clean the slate, as they've never done before.

Away flies petty jealousies, with this our banner year, we're going to pull together, and we're going to pull with cheer. When one division does a deed, that rightly deserves praise, the others now will lend a hand, and three loud cheers we'll raise.

For men, the one thing we must keep, above all other things, is the college spirit dominant, let lesser things take wings. For Kenyon is our mother, and we her loyal sons, now for her betterment we strive, men stand behind her guns.

—With apologies to Walt Mason.

## HIRAM VICTORIOUS IN FINAL PERIOD

### Harris Stars For Locals

After a spectacular start, with a touchdown eight minutes after play began, Kenyon was unable to come through at the finish and lost the first game of the season to Hiram, 10 to 6.

Kenyon worked the ball down the field early in the first quarter and Edwards scored the first touchdown of the game on a quarterback sneak. Harris failed to kick goal for the additional point. Before the quarter was over, Hadley, a Hiram halfback, carried the ball across the Kenyon line and kicked goal. There was no further scoring until the last quarter.

The game was hotly contested throughout with neither side showing appreciable advantage, although Kenyon was slightly out-punted. About the middle of the last quarter Hadley drop-kicked from the twenty yard line for Hiram's additional 3 points. Kenyon received and opened up with a spectacular forward pass attack, carrying the ball to within five yards of the Hiram line, where a pass was intercepted and the game ended with the ball in Hiram's possession.

Harris, Votaw, and Rybak were the outstanding stars for Kenyon while Hadley, Kelker, and McCulough did mighty fine work for Hiram.

The lineup:

Hiram (10)	Kenyon (6)
Bowe ..... L. E.	Rybak
Bates ..... L. T.	Hovorka
Frank ..... L. G.	Tabor
Benlehr ..... C.	McCarthy
Converse ..... R. G.	McClain
Raus ..... R. T.	Dickson
Schumacher ..... R. E.	Votaw
McCulough ..... Q.	Edwards
Hadley ..... R. H.	Sommerville
Smith ..... L. H.	Dailey
J. Kelker ..... F.	Harris

Touchdowns—Hiram, Hadley; Kenyon, Edwards. Substitutions—Hiram: S. Keller for Glass, Loudon for Converse, Crawford for Loudon, C. Day for Crawford, Kardos for Bowe, Weeks for Frank. Kenyon: Mulvey for Sommerville. Referee, Towne (Bates). Umpire, Thellar (Oberlin). Head linesman, Schuele (Reserve).

## DIRECTOR WIPER INSTILLS OLD TIME FIGHT IN TEAM

No matter what other qualifications Kenyon's 1923 eleven may possess, you may be sure of this—that each man on the squad will know football; that it will be a well coached team. Orders have been issued to the effect that every man must know how to play all positions and must be able to step into a strange berth at a moment's notice. The line has been drilled continuously in blocking and charging, for a line that charges lower and harder than their opponents will always open up the holes. Only the simplest plays

have been given but each one of these is a ground gainer.

All this has merely been a preface to the introduction of Mr. Wiper, athletic director of Kenyon College. It is not necessary for this late publicity as he was officially presented at the banquet last year; but this may serve as a prophecy that with his hand on the wheel the Kenyon athletic steam roller will stage a come-back.

Director Wiper, former Ohio State star, comes to Kenyon after several successful years at Fostoria High school, where he developed teams of championship calibre. Although the problem he faces is a big one, one meeting with the new coach erases all doubts as to his ability to solve it. He possesses a personality which cannot be evaded and in itself commands obedience. In this short time he has imbued the team with a "never say

die" spirit which will go far towards winning games. Add to that his knowledge of football and his ability to coach and you have a well nigh unbeatable combination.

## DR. WEIDA SPENDS YEAR IN EAST

Prof. George Francis Weida, Bowler Professor of Chemistry and Physics, has been granted a leave of absence for the year. The duties of the head of the chemistry department have been increasing steadily in the past years as the courses in that department have become more popular, and Dr. Weida's health was impaired by the overwork which fell to his lot. He is spending the year in the east, where he hopes to regain his health, but, devoted as he is to the interests of his department here, he is taking ad-

vantage of the opportunity to study in the eastern universities the new and improved methods of instruction for freshmen classes in chemistry. Doctor Weida's many friends among the student and alumni will be glad to hear that he is already in better health and has regained some of the weight he lost during the past year.

During his absence the work of the department will be carried on under the direction of Professor Charles C. Snow. Professor Snow is an able instructor, well informed in the latest developments of modern chemistry; his lectures are interestingly presented and promise to be as popular as were those of Doctor Weida.

Merton Shields, ex-'23, now a senior at the Michigan School of Mines at Houghton, Mich., recently spent a few days on the Hill.

JOSEPH HENRY  
1797-1878

Born at Albany, N. Y., where he became teacher of mathematics and physics in Albany Academy. Leading American physicist of his time. First director of the Smithsonian Institution.

The work that was begun by pioneers like Joseph Henry is being carried on by the scientists in the Research Laboratories of the General Electric Company. They are constantly searching for fundamental principles in order that electricity may be of greater service to mankind.

## When Henry rang the bell

If any bell was ever heard around the world, Joseph Henry rang it in his famous experiment at the Albany Academy. The amazing development of the electrical industry traces back to this schoolmaster's coil of insulated wire and his electro-magnet that lifted a ton of iron.

Four years later when Morse used Henry's electro-magnet to invent the telegraph, Henry congratulated him warmly and unselfishly.

The principle of Henry's coil of wire is utilized by the General Electric Company in motors and generators that light cities, drive railroad trains, do away with household drudgery and perform the work of millions of men.

# KENYON LOSES SECOND GAME TO MUSKINGUM

## PURPLE FAILS TO SCORE

Kenyon's failure to score when opportunity presented, coupled with beautiful long runs by the Muskingum team, gave the New Concord eleven a 34 to 0 victory over the Purple on Saturday, October 13th on the local field.

Coach Wiper's team, captained by Frank Votaw, on four occasions rushed the ball to within the five yard mark and each time lost its possession on downs. Once the ball was given to Muskingum a foot from the goal line and the opponents line held as Barton, the Muskingum quarter, punted safely into Kenyon's territory.

Muskingum scored in the first period when Montgomery snagged a pass from Barton and trotted forty yards to the goal line. Barton kicked goal, totaling seven points for the visitors. In the second period Barton intercepted a pass and ran sixty yards for Muskingum's second tally, kicking goal. In this period Somerville replaced Mulvey and got away on a pretty thirty yard spurt but was downed by the safety man of the visitors. Kenyon was donated twenty more yards when a Muskingum man interfered with a forward pass and was penalized. With four yards to go, and four downs to do it in, the Purple team lacked the punch to score and surrendered the ball to Muskingum who punted safely.

Muskingum's third series of scoring came in the third period when Captain Keach ran through the Kenyon line for sixty yards, Barton failing to kick the goal. This brought the score to 20-0.

Kenyon blocked a kick on the ten

yard line, again got within four yards of the line and were held for downs. Smith, Muskingum back, scored in the fourth quarter after the New Concord eleven had rushed the ball near the posts aided by a bad fumble, and Thompson, a substitute, finished the scoring by dashing forty yards after receiving a pass, Keach kicking the goal, totaling the thirty-four points.

Barton was the outstanding light for Muskingum, playing a neat game at quarter-back, while Harris shone for Kenyon in the backfield. Somerville, substituting for Mulvey, then for Dally, displayed some fine football, but seemed a little light to do wonders against the Muskingum line.

Following are line-up and summary:

Muskingum (34)	Kenyon (0)
Montgomery ..... L. E.	Rybak
Merrillees ..... L. T.	Dickson
McBane ..... L. G.	Tabor
Cox ..... C.	McCarthy
C. D. Moore ..... R. G.	Blöcher
Wallace ..... R. T.	Hovorka
Clark ..... R. E.	Capt. Votaw
Barton ..... Q. B.	Edwards
Smith ..... L. H.	Dailey
Keach, capt. .... R. H.	Mulvey
Franks ..... F. B.	Harris

Touchdowns, Montgomery, Barton, Keach, Smith, Thompson; Goals from touchdowns, Barton, (4); Substitutions, Muskingum, Aiken for Montgomery; Daugherty for McBane; Ewing for Wallace; Thompson for Smith; C. Moore for Franks. Kenyon, Salvin for Dickson; Uhler for Tabor; Jones for Votaw; Somerville for Mulvey; Mulvey for Somerville; Whipple for Harris; Harris for Whipple; Simons for Harris; Somerville for Dally; Referee, Towne (Bates); Umpire, Hoyer (Ohio State); Head Linesman, Cordray (Wesleyan).

## NEW HEATING PLANT UNDER CONSTRUCTION

One of the great Kenyon projects that is being realized at present is the central steam heating plant, now under construction on the side of the Hill to the south of Old Kenyon. The building is to be two stories high with projecting wings of one story. The heating plant proper will occupy the center, and the wings shall be utilized for separate plants to pump water and to generate electricity. When the brick structure is completed all the utilities of the Hill will be concentrated in one building.

The plant will be equipped with a huge stack with two openings, one at the base to clean out the ashes and the other about eighteen feet above the ground for the smoke to enter. The smoke when it emerges at the top will be pale and quite harmless from the action of a smoke consumer.

A spur is being built from the main line so that railway cars can run along the edge of the Hill and dump their coal down into the enormous bins of the plant.

## FROSH SQUAD DISPLAYS MUCH FOOTBALL ABILITY

This year the Freshmen have presented a football squad which has been giving the varsity plenty of competition. In fact, the latter have yet to come out of a scrimmage on the long end of the score. The Freshmen have a line which is, as the Varsity men have experienced in numerous attempts, hard to dent, and the Freshman backfield consists of four men, Worley, Peters, Roe, and Sheldon, who, when they hit on the offense, leave a path behind them. Every one of them is a plunger, and a hard one. Worley, who is a Sophomore, came to Kenyon from Ohio State where he spent his freshman year. He is a brainy pivot man, and a hard tackler. Peters is playing a fine game at half, both on offensive and defensive work. He is a triple threat man in the backfield. Roe, the plunging fullback, has made the Varsity feel his drives on many occasions. He is a hard tackler, and is full of tricks for getting through the opposing line on defense work. Sheldon, the other halfback, is a shifty man when it comes to carrying the ball. Light and fast, he has more than once eluded the varsity defense men for long gains.

The Freshman line averages around 180 pounds. Scott High School, of Toledo, has furnished us with four men, very capable of filling line positions. Zweigle and Farison, both over the 200 pound mark, are proving themselves stone walls of defense. French and Overmeyer, two more Scott High boys, are showing up well on the right side of the line. Norris, at the center position, is giving a fine account of himself. He is hard to keep out on the defense, and is a sure passer. More than once he has stopped a varsity line rush before it had time to go past his own line. Burke and Van Epps, from Fostoria and Bellevue respectively, are both playing a stellar game at the end positions. Both are sure defense men, and when it comes to catching passes and getting down under punts, they are unexcelled.

All in all, the Frosh, have a real team, full of fight, and with most of their men backed up by previous experience in high school. Good luck to the Freshman team, and may they enjoy a successful season against the Varsity, in the practice scrimmages, and ultimately in the annual Varsity—Freshman game after the close of the regular season.

Mr. and Mrs. Charles Weston Folds of 999 Lake Shore Drive, Chicago have announced the engagement of their daughter, Miss Florence Folds to Mr. James Henry Gregg, Kenyon, '20, of Minneapolis.

Garvey Gayle, ex-'08, and wife motored to Gambier early this fall.

Mr. Alonzo M. Snyder, '85, and wife were on the Hill at a recent date.

## GENERAL INFORMATION TEST

Suggested General Information Test to Be Given As An Entrance Exam. To Kenyon College in 1950.

Read questions listed below carefully two or three times. Weigh them in your mind and in clear, concise English write down the correct answers. If there is any doubt in your mind as to the correct answer, consult your nearest neighbor about it. If there is a disagreement consult the Instructor about it. He is paid to help you. Take advantage of it.

### ENGLISH:

Question 1. Who wrote Grey's Elegy?

2. Punctuate the following sentence. "Are you in favor of Prohibition?" The answer "No" is to be punctuated by an exclamation point. Write it down.

### HISTORY:

Question 1. (a) Who discovered America in 1492? (b.) What country did Christopher Columbus discover? (Answer one of these questions).

2. In what year was the War of 1812 fought?

3. Between what nations was the Franco-Prussian War fought?

### MATHEMATICS:

Question 1. (a) How long is an

eight hour day? (b) a twelve hour day?

2. How many gallons of water does a five gallon can hold?

3. If five o'clock is quitting time at most factories at what time do they quit at those factories?

### GENERAL:

Question 1. Do they keep cattle in the Stock Exchange?

2. What course offered in college is suggested by the following quotation? "If Nature Won't, Pluto Will."

3. Is Rex Beach a summer resort?

4. Is South Bend an exercise?

### GEOGRAPHY:

Question 1. There are two Dakotas—North and South. If North Dakota is north of South Dakota, where in relation to North Dakota is South Dakota? East or West?

These questions have been considered carefully by the faculty of this Institution and upon deliberating over the fact it was decided that most students who are in the college at this time could have passed the test, and, therefore, it is thought that it would be a fair one. A grade of sixty must be obtained by the candidate for entrance or they will be sent to K. M. A. for further preparation.

### SENIOR ELECTIONS

At a recent meeting of the senior class the following men were elected officers for the coming year:

H. Hale Sturges, President.

William A. Cornelius, Vice President.

Alexander M. Duff, Secretary and Treasurer.

### INITIAL ASSEMBLY

(Continued from Page 1)

lar vote after the rally. Motion seconded and passed.

Mr. Seitz moved that the Executive committee endeavor to have the date of the Reserve game changed from the 10th of November to the 9th so that the football men might attend the formal dance Friday evening.

Mr. Russell, chairman of the fall dance, asked the support of the student body at the Senior Prom to be given Oct. 9th and 10th, and moved that each man be assessed fifty cents to cover expenses of the tea dance. Motion carried.

The meeting closed after a short talk by Mr. Barton to the new men regarding college traditions.

### FIVE NEW MEMBERS

(Continued from First Page)

the University of Pennsylvania. He later studied at Cornell, the University of Pennsylvania, and the University of Chicago. At Oklahoma City College he was head of the Psychology and Educational Departments and later was Instructor in Philosophy at the University of Texas.

While connected with the high schools

Every Student Needs One

WHEN you have a brilliant thought, write it down. It may be about biology 1, a new way of handling the forward pass, or a note to Dad. Whatever it is—write it—on a Remington Portable.

This little machine is always ready. You can tap out your thoughts far faster and easier than you can write with a pen.

*Compact*—fits in a case only four inches high.

*Complete*—has the four-row keyboard like the big machines, and other "big machine" features.

*Convenient*—can be operated on your lap if you wish, for it carries its table on its back.

Price, complete with case, \$60. Easy payment terms if desired

of St. Louis his statistical work for the Bureau of Tests and Measurements was highly commendable.

The department of chemistry is strengthened greatly by the addition of Prof. Charles Chapman Snow. Professor Snow received his bachelor degree from William and Mary where he later acted as instructor in chemistry. He received his M. S. from Columbia and has recently been working on his doctor's degree at Chicago.

Prof. Snow was Associate Professor of Chemistry at the University of South Carolina, Assistant Professor at the University of West Virginia and Professor of Chemistry at the University of Porto Rico.

Mr. Hibbitt is a graduate of Ohio State University where he received the degrees of B. A., B. S., and M. A. He has been preparing at Yale for a doctor's degree. He has served as Instructor in English at Ohio Wesleyan and Ohio State Universities.

Professor Hibbitt, during the war served as a lieutenant in the air service.

In the behalf of the students of Kenyon, the Collegian extends a most hearty welcome to these new members of our college faculty family. It is sincerely hoped that their sojourn on the hill may be a long and most pleasant one.
